BT

BRYANT TORRES
Full Stack Developer

Profile

I'm Bryant! A highly motivated entry-level Full Stack Developer with a passion for problem solving and a never-ending drive to learn. My hobbies include but are not limited to: going into deep dives on what currently interests me in Tech, and playing video games.

Experience

Applied Systems / Remote – System Admin
Nov 2019 – Present
Oversee file system, storage and other digital assets. Safeguarding data entering or leaving the cloud environment. Mentoring other employees and offering constructive feedback when needed. Creating and managing system permissions and user accounts. Staying up to date with changes being made in our Cloud environments and workflows remains cruicial.

Applied Systems / University Park, IL – Support Tech.
Aug 2018 – Nov 2019
Implemented software patches, version upgrades, and installations of Management system being provided to insurers. This required staying up to date with product changes in order to provide excellent Customer Support.
